

LENSES

is a combination of modern frames of the ALLDAY series with the highest class lenses, which - thanks to their design - effectively reduce the glare effect $UGR < 19$ thus creating a pleasant and desired effect, the so-called DARK LIGHT. High luminous efficacy, available lighting angles of 50 and 80 degrees as well as black and white colors of lens casings allow for even better adjustment of lighting to interiors of various character and purpose. They will guarantee optimal working conditions both in small offices and large open spaces or accentuate details and build the right atmosphere in store interiors.

Material lens - PMMA,
reflector - PC
Light transmittance: 80%
Lighting efficacy: high
Light diffusion: medium
LED chips: 3000K / 4000K
RA: 80/90
Lens reflector colours: matt black, matt white
Size: 7x1
